

Please reject NAB's petition 04-160. Satellite radio provides outstanding service compared to AM/FM radio. Never having to worry about a radio station dropping because of being in certain areas, never having to listen to 3-5 mins worth of commercials, and listening to what I want unedited all for what the cost would be of buying one music cd, are just a few reasons why I stopped listening to AM/FM radio. The last thing I would want is for someone to tell me what to listen to on something that I pay for
